

Canadian Academy of Floral Art

Code of Ethics

As a proud member of the Canadian Academy of Floral Art I am recognized as a leader in the floral industry. I hold a responsibility to the industry to further floral design as an art form and to maintain my membership in good standing. As a CAFA member I will afford the President, the Board of Directors, the CAFA Membership, Founders and Associates respect and ethical conduct at all times. I have an obligation to the general public to promote fine design and creativity with integrity and professionalism. I agree to share knowledge and experience with the student wishing to be a designer and I will encourage and mentor them to help them achieve their creative goals. I will use proper business procedures and respectful conduct when dealing with the Allied Trades and all levels of Government. My CAFA Membership means that I will aid and stimulate others to achieve their professional certification and in doing so will advance the prestige of the organization.
